**Bonnie Zachary: Hillcrest Hope-Our current resident has graduated from Hillcrest's initial program. She now has been approved for the graduate program. Under this program she will be paying \$300 per month per rent rather than no rent at all. Under the graduate program she will be able to stay in that apartment until December 1. This resident now has full custody of her son who is 2 years old. Very recently she has now found out that she has a chance of getting custody of her 14 year old daughter. This resident has a full time job at Amazon working days. Karah Barnes will be working on filling Apartment 11 with a new resident.**

**Joyce Grady- City Union Mission A collection truck was onsite for City Union in May. Four people showed up to donate. Joyce felt the timing of this event conflicted with graduations. In the past she enjoyed assistance from many of the teens who positioned themselves in front of the church waving people in. Joyce did receive a lot of toilet paper in the mission box and those who donated on Sundays when she parked her van at the church entrance.**
