

4 Year Old to Kindergarten Class

This month KidsQuest will feature the four-year-old to Kindergarten Sunday school class taught by Barb Lacy and Beth Liebling. As I entered the room, I could see that Beth had laid out pieces for the students to make their own first aid kit. This project would be both practical and fun for the students. The lesson that day would be about the Good Samaritan. The students look at a slide show of the story and discuss what is happening in each slide. As they listen, they start to understand why they have made their own first aid kit to take home. After they finish their papers, they gather around one table and play a matching game with pictures from the Good Samaritan story. When each student had completed the craft, I asked them what was their favorite part of Sunday school. These children love to be together and love their teachers. There is no doubt that they are learning a lot about Jesus. - Barbara Ryczek

Violet Stewart

I like listening to Ms. Barb and Ms. Beth read the lesson each week.

Serena Cooper

I like doing crafts and especially the first aid kit.

Aviel Stackpole

I love to watch the lessons and recite scripture from memory.

Jamison Carney

I like to play games and my favorite is a paper snowball fight.

Rosie Stewart

I like the games and one of the games I like is when we were bowling and knocking down things.

Isaiah Boltz

I like to watch lessons on the television especially when Jesus tells stories.

Asher Morefield

I like to play games also and enjoyed playing the matching game.
