

## HELPS TEAM MINUTES

10-03-2023 7:00AM

Present: Dave Smith, Diane Fry, Debbie Failing; Chris Stackpole

Absent: Linda Reeve

Opening Prayer: Dave Smith

Closing Prayer: Chris Stackpole

Chris talked about the Chair Team: All is well. There are two who left the team and one who returned. There are at full staff. He expressed concern with the state of the chairs, and the need to purchase new ones. Current chairs are in disrepair, being repaired with parts of better chairs. He will formulate a quote for new chairs for submission to the budget.

The network team is working through the loss of Ritchey, is still dropping by occasionally to assist. Gary Stewart is a great help. Google is decommissioning the Nest Camera. This will create issues, and there are plans to address this.

Implementation of the new system for the Ministry Center is close. Replacement of the system upstairs is in the planning phase.

Debbie said the Coffee Team has enough volunteers and everyone is showing up for their shifts. The Bunn machine is taking even longer to heat the water. The indicator light works very infrequently. Some times the coffee is brewed without reaching optimum temperature. So far no one has complained about tepid coffee.

Debbie will submit her annual request for a budget approval for a new machine.

Dave spoke about Conversations. There has been a great turnout for the meals and conversations teachings. He is short one volunteer for set up, to meet minimum staffing. Two would be perfect.

Chris closed the meeting with a prayer.

Next Meeting 11-07-23 7:00 AM
